

Assignment for 5/18

Today you will be working in Audition.

Follow these directions and you will be fine. I will grade this for a zero or a 100 Friday.

Step one: Find the words to a (school appropriate), preferably inspirational speech. Save them and pull them up on your desktop.

Step two: Find different audio clips for each word in the speech you found.

Step Three: Save your work.

*** When you play your project, it should say the words of the speech, but every word should be in a different voice.**

Speech should be at least 30 seconds.
